

A Nossa Casa Site Plan

Housing

The complex will be capable of housing 100 children, 35 staff and 10 guests.

School

There will be seven classrooms, an art and photography room and a computer room, capable of holding 28 children each. Also an important adjunct to this will be the fields, chicken house and rabbitry, for agricultural learning and the botanical learning garden for study of the natural environment.

Community Center

The Community buildings house the eating facilities, clinic, auditorium, reception, an adult education room, vocational training, exhibit hall and offices.
